

I urge you to leave XM Radio programming alone. It is a service that I choose and for which I pay. As someone who travels a large amount, I depend upon the XM Instant Traffic and Weather Stations. I have found them to be a great benefit and time saver.

XM Radio has continually provided me with a service that I cannot get anywhere else and that is why I choose to pay for it.

Again, I urge you to reject the NAB petition of 04-160. The NAB should not be allowed to tell me what I can and can't hear.

Please support XM's ability to provide the services that we need.

Regards,

Tyler Hart
